

# Animal Care Intern

**Internship Department:** Biology

**Objective:** To learn husbandry techniques for numerous animal species.

**Responsibilities:** Caring for a wide variety of reptiles, amphibians, fish, birds and invertebrates in the Museum's living collections.

**Qualifications:**

- Science or veterinary background
- Ability to work both as a member of a team and as an individual
- Ability to adapt to rapidly changing and evolving work assignments
- The applicant must not be squeamish! Tasks will include working with feces, feeding life critters to other critters, feeding dead critters to other critters and most definitely getting your hands dirty!

**Minimum GPA:** 3.0

**Desired year in school:** Junior, Senior, Graduate student

**Compensation:** Unpaid

**Desired majors:** Biology, Environmental Science, Conservation, Zoology

**Time Commitment:** Three days per week, 6 hours per day. Must work Monday, Saturday, plus one other day.

**How to Apply:** The following materials are required in order for your application to be considered:

1. Completed Application on Survey Monkey
2. Resume
3. Cover Letter
4. Letter of Recommendation

Complete the intern application at <http://www.surveymonkey.com/s/2NBV8YG>. Submit all other materials via email to [internships@naturemuseum.org](mailto:internships@naturemuseum.org). It is best to submit your documents as attachments in PDF format to prevent file corruption. Letters of recommendation should be sent as attachments directly from the recommender to [internships@naturemuseum.org](mailto:internships@naturemuseum.org). Letters emailed from the applicant will not be accepted.

**Application Deadline:** August 31
